East Wenatchee Water District

(509) 884-3569 • Fax (509) 886-0550 • 692 Eastmont Avenue • East Wenatchee, WA 98802

The following is the East Wenatchee Water District's list of approved Backflow Assembly Testers. The East Wenatchee Water District cannot recommend or endorse any of the testers. Prices for the tests will vary.

In 2016 the East Wenatchee Water District passed Resolution #674 which states that all test reports for backflow assemblies shall be received by **July 31st of each year** to avoid late fees/penalties.

While it is the tester's responsibility to submit the test reports online via XC2live.net, we do recommend requesting a copy for your files as proof of testing having been done in case the tester fails to submit in a timely fashion. Testers are required to submit test reports within 10 days of the test date.
