

RESOLUTION NO. 288

Authorizing the Adoption of Standards for the East Wenatchee Water District as set forth by the American Public Works Association.

WHEREAS, the East Wenatchee Water District has not, in the past, adopted a set of standards for the installation of various mains, valves, fire hydrants or any other installations of its transmission and distribution system that would be installed by various contractors and,

WHEREAS, it is believed to be in the best interest of the District financially, to adopt such standards and,

WHEREAS, the Board of Commissioners having met and discussed the adoption of said standards in a regular previous meeting as compiled by the Washington State Chapter (1977 Edition) and all new sections to chapters and all new editions as provided henceforth and,

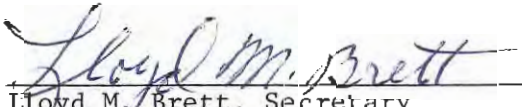

WHEREAS, the Board reserves the right to make addendums and special provisions or modifications to these specifications to meet special and unique problems that would be in the best interest of the District, do hereby adopt the provisions as set forth in this title.

ADOPTED, this 28th day of January, 1980, by the Board of Commissioners of the East Wenatchee Water District, Douglas County, Washington, at a regular meeting thereof.

Paul W. Blanchard, President
