

RESOLUTION NO. 398

AUTHORIZING BASE RATE INCREASE FOR WATER USAGE

WHEREAS, the present base rate for water service to various customers of the East Wenatchee Water District has been reviewed by the Board of Commissioners and,

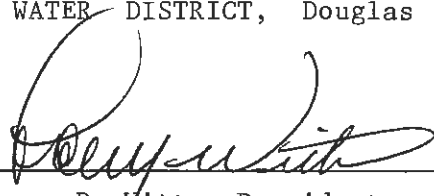

WHEREAS, it appears that the existing rates are inadequate to address the betterments and improvements as called for in the District's Comprehensive Plan and other monthly expenditures as required in the day to day operation of the District and,

WHEREAS, having reviewed various alternatives with both the District's legal counsel and our engineer, it was determined that replacement of undersized and older infrastructure would best be served at the present time on a smaller scale through a rate increase rather than the issue of a water revenue bond and,

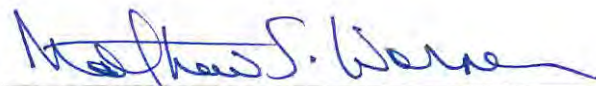

WHEREAS, the District has adopted a budget for 1993 that addresses a Capital Expenditure of \$481,000 for betterments and improvements, the Board of Commissioners believe it is in the best interest of the District to adjust the rates accordingly to allow for the planned improvements.

NOW THEREFORE, be it HEREBY RESOLVED by the BOARD OF COMMISSIONERS of the EAST WENATCHEE WATER DISTRICT, that effective January 1st, 1993, the base rate for 600 cubic feet of water consumed shall be \$9.00 per month.

ADOPTED, this 14th day of December 1992, by the BOARD OF COMMISSIONERS of the EAST WENATCHEE WATER DISTRICT, Douglas County Washington at a regular meeting thereof.
