

**RESOLUTION NO. 415**  
**EMERGENCY RESOLUTION TO INSTALL APPROXIMATELY 650 FEET**  
**OF 8" WATER MAIN ON S.E. 4th STREET**

WHEREAS, the EAST WENATCHEE WATER DISTRICT, has experienced a reduction in volume of water to serve it's customers in the vicinity of S E 6th Street and Lyle Avenue, due in part, to an existing 2" water main on S. E. 4th Street and,

WHEREAS, the area is currently served with a new 8" water main on S. Kentucky Street and a new 8" main was installed for approximately 500 feet on S. E. 4th Street by a developer in 1992, leaving a distance of approximately 650 feet of 2" main needs to be replaced to allow for better flow and additional volume of water to serve the area in question and,

WHEREAS, the Public Works Department has widened the shoulder of the road on S.E. 4th Street to improve the alignment of the street, as well as correct a sight problem for safety precautions and,

WHEREAS, the Public Works department has advised the water district their plans are to asphalt the 650 feet of road where the 2" water main exists on S E 4th street and suggested that if it was in our future plans to remove the 2" water main and up grade it, this should be accomplished as soon as possible, as a five year moratorium will be enforced, whereby open cutting any part of the street will be prohibited and,

WHEREAS, by up sizing the main now will help in solving a problem that additional water will serve the customers of that area and will provide a better hydraulic grid in allowing for additional fire flow and,

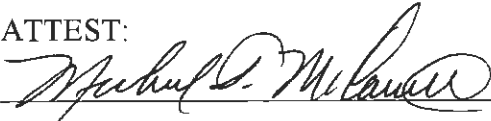

WHEREAS, it is deemed to be in the best interest of the Water District to declare this project as an Emergency and proceed to complete the project in a timely manner with Water District personnel.

NOW THEREFORE BE IT HEREBY RESOLVED by the BOARD OF COMMISSIONERS of the EAST WENATCHEE WATER DISTRICT that Resolution No. 415 is hereby declared an Emergency and further authorizes the manager to proceed with Water District personnel to accomplish whatever is necessary, to install the amount of water main, prior to the overlay of asphalt on the County Road on S E 4th Street.

ADOPTED, this 2nd day of June 1994, by the Board of Commissioners of the East Wenatchee Water District, Douglas County, Washington at a regular meeting thereof.
